Did you know...

...the Parks Division's Forestry crews regularly complete tree assessments on the urban forest to ensure its health and vitality? We follow the International Society of Arboriculture's (ISA) standards and guidelines when performing tree evaluations. This process provides vital information on the health of the tree.

Yorkton Parks **TECH TIP**

- Dutch Elm tree pruning ban is lifted from September 1 to March 31.
- Elm branches can be disposed of at the City of Yorkton landfill. Please identify to the staff that you are disposing of elm.
- The ban helps to prevent Dutch Elm Disease (DED). Thanks to our Urban Forestry Program and resident's support, this destructive disease has been kept out of Yorkton so far.
