MEMORANDUM

DATE: August 12, 2024

TO: Mayor Mitch Hippsley & Members of Council

RE: 2023 Municipal Public Accounts

In accordance with Section 156 of *The Cities Act*, together with the *The Cities Regulations*; I am submitting Public Accounts for the fiscal year ending December 31, 2023 for the City of Yorkton.

Notes to the schedules attached:

- 1. *Employee Remuneration* this schedule includes all employees of the City of Yorkton, where remuneration was greater than \$50,000. Salaries may include overtime, vacation and sick pay, less any taxable benefits. Reported title is the most recent position held by the employee.
- 2. *Council Remuneration* this schedule lists the total remuneration, per diems, and travel expenses incurred for City Council members.
- 3. Expenditures & Contracted Services this schedule includes all expenditures that exceeded \$50,000 paid to third-party providers, and includes both operating and capital expenditures.
- 4. *General Grants* this schedule lists any grants greater than \$50,000 paid out to an individual, corporation or government entity.

The 2023 Audited Financial Statements including balance sheets, revenues, expenditures and required schedules form part of this document.

Respectfully submitted,

Ashley Stradeski, CPA, CA

Amy Stry

Director of Finance

Independent Auditors' Report

To the Council City of Yorkton

Opinion

We have audited the consolidated financial statements of City of Yorkton, (the municipality), which comprise the consolidated Statement of Financial Position as at December 31, 2023 and the consolidated Statements of Financial Activities and Changes in Net Assets, Changes in Net Financial Assets and Cash Flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the municipality as at December 31, 2023, and results of its operations and its consolidated cash flow for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the municipality in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Council is responsible for overseeing the municipality's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the municipality to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

1. Basis of Presentation of Consolidated Financial Statements

These consolidated financial statements report the activities of the City of Yorkton and include the operating, capital, property development and other funds. The operating fund includes the operations of the Gallagher Centre, Deer Park Golf Course, waterworks, bus services and the Yorkton Municipal Airport Authority Inc.

All interfund assets, liabilities, revenues and expenditures have been eliminated.

2. Significant Accounting and Reporting Policies

The consolidated financial statements of the municipality are prepared by management in accordance with the local government accounting standards established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies are as follows:

(a) Basis of accounting

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

The city's financial transactions are segmented into various self-balancing funds. These have been consolidated for reporting purposes.

(b) Reporting entity

The consolidated financial statements consolidate the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the council for the administration of their financial affairs and resources.

Entities included in these consolidated financial statements are as follows:

Entity Basis of Recording

Yorkton Housing Corporation

Modified Equity 100%

All inter-organizational transactions and balances have been eliminated.

(c) Collection of funds for other authorities

Collection of funds by the municipality for the school board, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

2. Significant Accounting and Reporting Policies - continued

(d) Government transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or are the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:

- (i) the transfers are authorized;
- (ii) any eligibility criteria have been met; and
- (iii) a reasonable estimate of the amount can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are met.

Earned government transfer amounts not received will be recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

(e) Other (non-government transfer) contributions

Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally-restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally-restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.

(f) Deferred revenue - fees and charges

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

(g) Net financial assets

Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

2. Significant Accounting and Reporting Policies - continued

(h) Non-financial assets

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

(i) Appropriated reserves

Reserves are established at the discretion of council to designate surplus for future operating and capital transactions. Amounts so designated are described on schedule 5.

(j) Financial instruments

Derivative and equity instruments that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

Interest and dividends attributable to financial instruments are reported in the statement of operations. Unrealized gains and losses are recognized in the statement of remeasurement gains and losses. When the investment is disposed of, the accumulated gains or losses are reclassified to the statement of operations.

Long-term debt: Long-term debt is initially recognized net of premiums, discounts, and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

Long-term receivables: Receivables with terms longer than one year have been classified as other long-term receivables.

Measurement of Financial Instruments:

The municipalities financial assets and liabilities are measured as follows:

Financial statement line item

Cash and cash equivalents	cost or amortized cost
Investments	cost or amortized cost
Other accounts receivable	cost or amortized cost
Long-term receivables	cost or amortized cost
Debt charges recoverable	cost or amortized cost
Bank indebtedness	cost or amortized cost
Accounts payable and accrued liabilities	cost or amortized cost
Deposit liabilities	cost or amortized cost
Long-term debt	cost or amortized cost

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

2. Significant Accounting and Reporting Policies - continued

(k) Investments

Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment. Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment.

Investments with significant influence are presented using the equity method.

(I) Tangible capital assets

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The tangible capital assets that are recognized at a nominal value are disclosed in schedule 4. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The municipality's tangible capital asset useful lives are estimated as follows:

General Assets

Land improvements Buildings Machinery and equipment	50 years 50 years 7-50 years
Treatment Plants	
Water	20-50 years
Sewer	15-50 years
Infrastructure Assets	
Waterworks	75 years
Sewer	75 years
Storm	35 years
Sidewalks	20-30 years
Roads	15-30 years

(m) Measurement uncertainty

The preparation of consolidated financial statements in conformity with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

Measurement uncertainty impacts the following financial statement areas:

The measurement of materials and supplies are based on estimates of volume and quality.

The opening asset costs of tangible capital assets have been estimated where actual costs were not available.

Amortization is based on the estimated useful lives of tangible capital assets.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

2. Significant Accounting and Reporting Policies - continued

(m) Measurement uncertainty - continued

The liability associated with asset retirement obligations are measured with reference to the best estimate of the amount required to ultimately remediate the liability at the consolidated financial statement date, the discount rate and inflation.

Measurement financial instruments at fair value and recognition and measurement of impairment of financial instruments requires the use of significant management estimates.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

(n) Employee benefit plans

Contributions to the municipality's multiemployer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.

(o) Asset Retirement Obligation

Asset retirement obligations represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development or normal use. The tangible assets include but are not limited to assets in productive use, assets no longer in productive use and leased tangible capital assets.

The lease associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the municipality to incur costs in relation to a specific TCA, when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. Where cash flows are expected over future periods, the liability is recognized using a present value technique.

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. Through the passage of time in subsequent reporting periods, the carrying value of the liability is adjusted to reflect accretion expenses incurred in the current period. This expense ensures that the time value of money is considered when recognizing outstanding liabilities at each reporting date. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

2. Significant Accounting and Reporting Policies - continued

(p) Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The municipality:
 - a) Is directly responsible; or
 - b) Accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

(q) Basis of segmentation/segment report

The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General government: provides for the administration of the municipality.

Protective services: comprised of expenses for police and fire protection.

Transportation services: responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and public health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and development: provides for neighbourhood development and sustainability. Recreation and culture: provides for community services through the provision of recreation and leisure services.

Utility services: provides for delivery of water, collecting and treating of wastewater, and providing collection and disposal of solid waste.

(r) Budget information

Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on February 13, 2023.

(s) Revenue

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue. Penalties on overdue taxes are recorded in the period levied.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

2. Significant Accounting and Reporting Policies - continued

(s) Revenue - continued

Utility revenue is recognized in the period in which the service has been provided.

All other revenue is recorded when received, or receivable, collection is likely, and the amount can be reasonably determined.

(t) Assets held for sale

The municipality is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset and the sale is reasonably anticipated to be completed within one year of the consolidated financial statement date.

(u) New standards and amendments to standards

Effective for fiscal years beginning on or after April 1, 2023:

PS 3160, Public Private Partnerships, a new standard establishing guidance on how to account for and report on partnerships between public and private sector entities. Specifically, those in which the entity in the public sector procures infrastructure in conjunction with a private sector entity. In these scenarios, the private sector entity must have obligations to design, build, acquire or improve existing infrastructure. Furthermore, they must also finance the transaction past the point in which the asset is initially ready for use along with operating and/or maintaining such on an ongoing basis. The standard applies to fiscal years beginning on or after April 1, 2023.

PS 3400, Revenue, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer. The standard is mandatory for fiscal years beginning on or after April 1, 2023. Earlier adoption is permitted. The standard may be adopted retroactively or prospectively.

PSG-8, Purchased Intangibles, provides guidance on accounting for and reporting on purchased intangibles. It provides clarity on the recognition criteria, along with instances of assets that would not meet the definition of such. The standard may be adopted retroactively or prospectively.

The extent of the impact on adoption of these future standards is not known at this time.

(v) New accounting policies adopted during the year

PS 3450, Financial Instruments, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives. The standard requires fair value measurement of derivatives and equity instruments that are quoted in an active market; all other financial instruments can be measured at cost/amortized cost of fair value at the election of the government. Unrealized gains and losses are presented in a new statement of re-measurement gains and losses. There is the requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the de-recognition of financial liabilities.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

2. Significant Accounting and Reporting Policies - continued

(v) New accounting policies adopted during the year - continued

These measurements are to be applied prospectively with any difference between the fair value and the prior carrying value being recognized as an adjustment to accumulated remeasurement gains and losses at the beginning of the fiscal year. This standard was adopted in conjunction with PS 1201 – Financial Statement Presentation, PS 2601 – Foreign Currency Translation and PS 3041 – Portfolio Investments.

PS 3280, Asset Retirement Obligations, a new standard establishing guidance on the accounting and reporting of legal obligations associated with the retirement of tangible capital assets controlled by a government or government organization. A liability for a retirement obligation can apply to tangible capital assets either in productive use or no longer in productive use. As this standard includes solid waste landfill sites active and post-closing obligations, upon adoption of this new standard, existing Solid Waste Landfill Closure and Post-Closure Liability section PS 3270 will be withdrawn.

This adoption of policy has been applied on a modified retroactive basis with respect to asset retirement obligations associated with asbestos in buildings resulting in restatement of prior period comparative amounts. This adoption of policy has impacted the municipality's consolidated financial statement as follows: tangible capital assets have been increased to reflect the amortized cost of the buildings with retirement obligations and the asset retirement obligation has been recorded along with an increase in the amortization expense of the buildings.

The adoption of policy has been applied on a prospective basis with respect to asset retirement obligations associated with landfill closure and post closure costs. This adoption of policy has impacted the municipality's consolidated financial statements as follows: tangible capital assets have been increased to reflect the amortized cost of the landfills and the asset retirement obligation has been recorded.

10. Long-Term Debt

Loans:

Bank loan #1 is repayable at \$696,198 annually to TD Canada Trust and bears interest in a swap arrangement at a rate no higher than 2.25%. It matures in 2027 and is secured by future tax revenues. The outstanding balance at year end is \$2,328,434.

Bank loan #2 is repayable at approximately \$648,789 annually to Canada Mortgage & Housing Corporation and bears interest at a rate of 3.83%. It matures in 2025 and is secured by future property tax revenues. The outstanding balance at year end is \$1,246,240.

Future principal and interest payments are as follows:

	Principal	Interest	2023 Total	2022 Principal
2023 2024 2025 2026 2027	1,248,968 1,286,729 676,919 346,549	96,019 58,258 19,279 3,891	1,344,987 1,344,987 696,198 350,440	2,083,384 1,248,968 1,298,144 676,919 335,206

Buildings Landfills			329,523 4,425,923	
			\$ 4,755,446	\$ 0

Landfill

Landfill closure and post-closure care requirements have been defined in accordance with The Environmental management and Protection Act and include final coverings and landscaping of the landfill, pumping of ground water, methane gas and leachate management, and ongoing environmental monitoring, site inspection and maintenance.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

11. Asset Retirement Obligation - continued

The municipality has two landfills accepting waste. The first cell is expected to reach capacity in F2026 and be decomissioned by F2031. The second cell is expected to reach capacity in F2085 with decommissioning beginning in F2086. Discounted at a rate of 3.46% the present value of closure and post closure costs of the landfills is \$4,425,923.

The reported liability is based on estimates and assumptions with respect to events extending over a 63-year period using the best information available to management. Future events may result in significant changes to the estimated total expense, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

Asbestos

The municipality owns several buildings which contains asbestos, and therefore, the municipality is legally required to perform abatement activities upon renovation or demolition of this asset. Abatement activities include handling and disposing of the asbestos in a prescribed manner when it is disturbed. Undiscounted future cash flows expected are an abatement cost of \$329,523.

12. Contractual Rights

Contractual rights are rights to economic resources arising from contracts or agreements that will result in an asset and revenue in the future. Significant contractual rights of the municipality are as follows:

- The City entered into an agreement in February 2021 to loan the Yorkton Exhibition Association \$270,000 to complete the Yorkton Exhibition Association commitment toward the construction of the grandstand. Under this agreement, the City has a contractual right to receive \$18,000 annually beginning September 2022, and to receive the full amount no later than December 31, 2037.
- The City entered into an agreement in September 2022 to loan the Yorkton Exhibition Association an additional \$180,000 as Phase II of the commitment toward the construction/rehabilitation of the grandstand. Under this agreement, the City has a contractual right to receive \$36,000 annually beginning September 2023, and to receive the full amount no later than December 31, 2027.
- The City has an agreement with The Yorkton Business Improvement District which was signed in November 2018 for a maximum donation of \$500,000 to be paid in 10 annual installments of \$50,000 in exchange for the donation to be used to pay for costs associated with the construction of a bridge and street lighting on a section of Dracup Avenue in the City of Yorkton. The first payment under this agreement was received in 2018.

Notes to Consolidated Financial Statements

For the year ended December 31, 2023

12. Contractual Rights - continued

• The City has a number of lease agreements signed with various organizations that will provide for the following revenues over the next five years:

2024 - \$429,487 2025 - \$308,500 2026 - \$223,210 2027 - \$220,710 2028 - \$251,483

13. Risk Management

Through its financial assets and liabilities, the municipality is exposed to various risks.

Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge their responsibilities with respect to the financial instrument, and in so doing, cause a loss for the other party.

Interest Rate Risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates.

Liquidity risk

Liquidity risk is the risk that the entity will encounter difficulty in meeting financial obligations as they fall due. The municipality undertakes regular cash flow analyses to ensure that there are sufficient cash resources to meet all obligations.

14. Statement of Remeasurement Gains and Losses

There are no measurement gains or losses during the periods presented; therefore, no statement of remeasurement gains or losses is included in these financial statements.
