

For Immediate Release

August 4, 2016

Update on Heavy Rainfall – July 31st, 2016

On Sunday, July 31st downpour rains were recorded at 51.3mm (2.1 inches) in less than an hour. Further reports suggest between two (2) and five (5) inches (depending on location) came down over a two (2) hour time frame. In light of this event, the City of Yorkton has applied for designation through the Provincial Disaster Assistance Program. This request for designation will be ratified at the next Regular Council Meeting on Monday, August 22, 2016. Any residents requiring assistance from this program can pick up an application at City Hall. Once you have completed your application you are responsible for submitting it to PDAP.

Further information on the Provincial Disaster Assistance Program can be found at www.saskatchewan.ca.
