Yorkton Parks TECH TIP

Whether you are ready for it or not, fall is here. Consider these tips when raking the fall leaves from your yard:

- Buy a sturdy rake with wide tines with a some bend. This will allow you to rake more leaves with each sweep.
- Consider the direction of the wind and rake downwind.
- Rake in small motions rather than larger ones to rake more leaves
- To help prevent backaches, move your feet and legs as you bend and twist to rake.
- Don't rake as soon as you see leaves begin to fall. Wait until after peak foliage time or you will find yourself raking your yard more often.

Tennis court nets will be removed at Heritage Heights & Knights of Columbus Parks for the season October 1st.
